## IYTF - World Congress 2010

# Over half-way there...

Wow, the support for the International Youth Travel Fund has been fantastic. So far we have reached approximately \$16,300. This is over the half way point to reach the \$30,000 that both MSF and GHFP have agreed to match.

The task now is to keep it up. The goal is to reach the total by the end of June. This would allow ample timing for those receiving travel grants to make reservations and get visas to New Zealand. As grants are provided we will post names and photos so you can become familiar with some of our Subud youth from around the world.

And check out [www.subudartists.com](http://www.subudartists.com) for the on-line art auction fundraising for the IYTF. We wish to already thank the numerous artists who are donating a piece for this cause. Help promote this effort by getting potential bidders interested.
